

**A DIVISION OF
KULU CIVILS GROUP OF COMPANIES**

COMPANY BACKGROUND

Kimaya Safety consulting is a division of Kulu Civils Group, a multi-disciplinary company that was established in 2005.

Kimaya Manufacturing has, over the past 5 years, refined its manufacturing processes and researched the protective workwear market rigorously, in order to provide the end-user a garment for comfort and ultimately protection. Our technical team gives much thought to the employee that will eventually wear a garment as opposed to merely supplying a product to an organisation. Our expertise lies in providing appropriate protective workwear solutions to organisations' that require their workforce to be safe whilst ensuring optimum efficiency.

We have the ability to work in conjunction with you in designing protective workwear that matches your environment and even enhances your brand. Besides the manufacturing of traditional workwear garments (two piece conti suits; coveralls; lab coats and women housecoats) Kimaya Manufacture specialised workwear to your specifications.

All these items can be manufactured in various fabric types and colours — polyester cotton, 100% cotton, acid resistant and flame retardant. We are a proudly South African organisation and manufacture our garments, from start to finish, all within the borders of the Republic of South Africa. In this way, we remain responsible for the quality of our garments throughout the productions process. Besides the manufacture of protective clothing, Kimaya Safety consulting is geared to provide you with the head-to-toe safety solutions — Safety boots; protective gloves; hard hats; eyewear; protective hearing aids etc. Strengthen your workforce and improve your productivity with Kimaya safety consulting!

OUR VISION AND OBJECTIVES

To render excellent and professional service to all customers by:

- Imparting knowledge and expertise for services needed.
- To develop new ideas that aimed at bringing continual improvement of the SHE Management Systems, Knowledge, Understanding and Commitment
- Ensuring client's needs are met without compromising quality of services rendered.
- We are competent, skilled and have self-assurance in imparting the information we have to others.
- We strive to ensure client's satisfaction us in a sense that we, examine, review and study the needs of each client and together with the client come up with a plan of action.
- We deliver professionally and efficiently on time.

PROTECTING YOUR WORKFORCE

Kimaya Safety consulting is the leading workwear manufacturer in South Africa. We offer a myriad of services and we supply our designs throughout South Africa and her neighbouring countries. Our factory is located in Hammarsdale, just 60km out of the Durban CBD.

Our company comes from humble beginnings and since our inception, 2010 we have flourished immensely. The Kimaya Manufacturing team now consists of 131 people. The Kimaya Safety consulting staffs are dedicated to client satisfaction and supplying product excellence at all times. We are able to produce the best safety wear and industrial clothing and look forward to always exceeding our clients 'expectations.

We are leading workwear manufacturer of a variety of industries that includes:

- Mining
- Manufacturing
- Oil and Gas
- Chemical
- Agricultural and Agro-Processing
- Construction and Materials
- Engineering
- Telecommunications
- Public Sector
- Automobile
- Logistics

- Forestry and Paper

HEARING PROTECTION

High levels of noise pollution within the industrial sector increases our need for hearing protection, which is why we also supply ear plugs, ear muffs and sound proofing.

1. Ear Plugs 2. Ear Muffs

AIR PURIFYING PRODUCTS

An air purifying mask makes dust contaminated air breathable through its unique filtering element. Our purifying dustmask protects against such solid dust particles. We also supply a comprehensive range of cartridge respirators which are designed specifically for work forces exposed to gas, vapour etc.

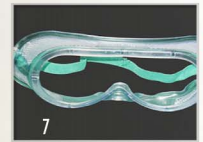

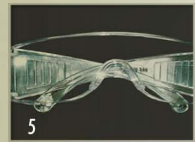

3. Dust Mask 4. Cartridge Respirator

EYE & FACE PROTECTION

Protect your eyes and face with safety goggles, spectacles, welding helmet from Kimaya Safety in Durban South Africa.

5. Safety Spectacles 6. Welding Helmet 7. Safety Goggles

HEAD PROTECTION

The value of good head protection cannot be undervalued, nor should it be compromised. At Kimaya Safety, we understand this through the variety of hats and helmets we offer. Hard hats, forestry helmets, balaclavas and peak caps available in a variety of sizes and colours.

8. Forestry Helmet 9. Hard Hats 10. Balaclavas

FOOT PROTECTION

Complete foot protection to suit the industrial environment. Kimaya Safety keeps a wide range of boots and shoes for long lasting use. From leather, gum and combat boots to safety leather shoes.

11. Gumboots 12. Lemaitre Apollo 8050 13. Parabelum Service Shoes

HAND PROTECTION

At Kimaya Safety, we understand that different applications require hand protection specific to the industry in South Africa. Our wide range of gloves include: pig skin, chemical or chrome leather gloves, PVC coated gloves, general purpose, freezer and welder gloves.

14. Candy Striped Gloves 15. Chrome Leather gloves 16. PVS Gloves

PROTECTIVE CLOTHING

Kimaya Safety offers the reliable and affordable protective clothing in the industry.

VALUE ADDED, COST EFFECTIVE AND QUALITY SAFETY WORKWEAR AND ACCESORY PRODUCTS

The Kimaya Safety team is made up of a group of highly skilled and talented people who are able to manufacture garments to any requirements. We use materials such as PVC and wooven material to create our reowned workwear. We are able to design and create the ideal design for any client and wil make sure all clients requirements and needs are met in this design.

OUR CULTURE

Kimaya Safety Consulting is not only driven by goal-oriented attitude, but we are also inspired by the need to uphold pure, honest operators within employees and our clients.

We Commit To

- Excellent Service Delivery
- Taking complete responsibility and accountability
- Hands on relationship with our clients by open communication between the parties.
- Integrity
- Commitment
- Professionalism
- Non-Racism and Non-Sexist
